

## **Adult Mental Health / Substance Use Therapist – SAMM Team (LMSW)**

Full Time / Day Shift

Minimum Starting Salary: \$61,089 – commensurate with experience and education

**Do you have a desire to provide evidence-based individual therapy, case management, and facilitate groups for individuals with co-occurring addiction and mental illness in a fast-paced outpatient setting? If so, we have an exciting opportunity for you to work as an Adult Mental Health/Substance Use Therapist on an Integrated Dual Disorder Treatment team.**

### **What You Will Be Doing**

As a **Mental Health/Substance Use Therapist** you will be a team member providing Integrated Dual Disorder Treatment, an evidence-based treatment approach for working with individuals with co-occurring substance use disorders and severe and persistent mental illness in an outpatient setting. The job requires you to hold an individual caseload for clients you will be responsible to by providing evidence-based therapy interventions and general case management services. This also includes treatment planning, relationship building, linking to ancillary services, use of risk assessment and intervention, trauma work, and case conceptualization. You will serve as a group facilitator using strategies such as motivational enhancement, psychoeducation, group processing, skill acquisition, and relapse prevention planning. Additionally, you will complete clinical evaluations, assessments, and reviews to ensure clients receive quality services appropriate to their level of need. You will complete all clinical documentation within 72 hours and at scheduled intervals. The schedule is 8:00am-5:00pm Monday-Friday.

### **What We Require**

You will be a **Master's level licensed professional with a minimum of three years' of experience, and two years of facilitating groups is strongly preferred.** You will have extensive working knowledge of co-occurring addiction and mental illness, group dynamics and facilitation, at least one evidence-based or promising practice interventions (such as but not limited to: motivational interviewing; solution focused therapy; cognitive behavioral therapy; dialectical behavior therapy; exposure; EMDR; somatic experiencing). You will work collaboratively as a member on a team treating a community of clients in a fast-paced environment. You will have a **CAADC** and a **LMSW**.
